

In the first multivolume biography of Abraham Lincoln to be published in decades, Lincoln scholar Michael Burlingame offers a fresh look at the life of one of Americas greatest presidents. Incorporating the field notes of earlier biographers along with decades of research in multiple manuscript archives and long-neglected newspapers, this remarkable work will both alter and reinforce our current understanding of Americas 16th president. In volume 2, Burlingame examines Lincolns presidency and the trials of the Civil War. He supplies fascinating details on the crisis over Fort Sumter and the relentless office seekers who plagued Lincoln. He introduces listeners to the presidents battles with hostile newspaper editors and his quarrels with incompetent field commanders. Burlingame also interprets Lincolns private life, discussing his marriage to Mary Todd, the untimely death of his son, Willie, to disease in 1862, and his recurrent anguish over the enormous human costs of the war.
