

The myth of the Wild West and its vast expanse, tough men, and wild animals has captured the world's imagination for decades. This stunning coffee table book and CD collection details insights into that life in fantastic photographs showing the landscapes that have meant freedom in the West for centuries. The book comes with four CDs with the greatest hits of country and western music, as well as songs by contemporary country music players.

The Use of the National Forests: 1907, Lecture Notes on Immunology, Beauty and the Beast and Other French Fairy Tales: Illustrated, Integrating Fisheries into Coastal Area Management, Resource Accounting for Sustainability Assessment: The Nexus between Energy, Food, Water and Land Use (Routledge Explorations in Sustainability and Governance),
