

A brief introduction for anaesthetists, trainers, consultants, attendings, midwives and operating department practitioners into the art, craft and science of obstetric anaesthesia. An established consultant anaesthetist in the UK has provided a broad introduction into the subject. Distilled into nine chapters are close to a hundred pages of insights, skills, techniques, knowledge and guidance on the sub-specialty subject. Meant as an introduction before stepping on the ward, or as a refresher to those who have been away from the delivery suite, this book simply, clearly and rapidly gives a useful framework for learning. Papaveretum Publishing is a new, exciting publishing house that aims to provide top quality, up-to-date, useful anaesthetic work into niche markets.
