Her clothes flatter her and boost her self-confidence because she knows the difference between style and fashion. *It's So You!* helps you think through your own fashion needs, to become a woman whose dignity and elegance command respect. Mary Warren demystifies the world of haute couture while teaching you to distinguish general fashion from individual style. With a light-hearted and easy tone, she encourages you to value your body as it is, rather than chasing after a glossy magazine image that has nothing to do with who you really are. Through a step-by-step process of self-analysis, you will articulate your personal style. Warren guides you through the key Fashion Moments of Truth and explains the elements of style body type, palette, wardrobe planning, accessories with well organized explanations, instructive charts and illustrations, friendly anecdotes, and answers to frequently-asked questions. The result is a fool-proof Style Profile to take you through every season and situation. And you'll have the cleanest closet of your life. True success in personal style is not self-serving. The legacy of style that you leave to your daughters and friends will inspire them to look and feel their best. Everything you ever wanted to know about identifying and developing your personal style is packed into this book, from choosing the right colors and clothing to organizing your closet and saving money. Clearly presented, and the questionnaires and illustrations are a nice bonus.
