

While it may once have been taboo to speak about more and more men and women are looking for sexless marriage help when their marriage becomes cold and lifeless in the bedroom. In fact it has become quite a topic of hot debate with books such as *The Sex Diaries - Why Women go off Sex & Other Bedroom Battles* hitting bookstore shelves which has drawn heavy criticism for being so one sided in bias of men and derogatory of women but has also managed to elicit many comments on how true it is from men and women alike. Clearly this is a controversial and loaded issue that should not be treated lightly especially when words such as marital rape, depression, and of course divorce rear their ugly head but such charged emotions show a clear disconnect in how we see this phenomenon of sexless marriage and how you can solve it.
