

Following on from the hugely successful Mental Maths Tests, this new series provides more tests to help teachers prepare for the National Tests at the end of each year and the final test at the end of KS2. Each book contains ten printable mental maths tests, reflecting the look and feel of the real tests. Accompanying the books is a CD-ROM which contains all ten tests timed to the exact specifications of the actual test with set times for pupils to answer the questions. Answers to all the tests are provided too.
