

Helps readers understand the issues and problems in philosophy by reading original materials that demonstrate that philosophy is not about remote questions, but rather issues that lie deep within ourselves. With a blend of classic and contemporary readings, this anthology covers the major topics in philosophy, includes readings by outstanding contemporary philosophers that are enjoyable to read, encourage philosophical thought, and show readers how contemporary philosophers approach philosophical problems, and presents historical readings that show the work of figures in the history of philosophy. For anyone interested in understanding philosophical issues and how they relate to our lives.
