

The new edition of this interactive review book helps readers study for the internal medicine subspecialty board exam in gastroenterology as well as survey recent advances in gastroenterology and liver disease. More than twenty gastroenterology experts prepared the over 1000 multiple-choice questions, editing them to be clear, concise, and representative of those featured on the American Board of Internal Medicines Subspecialty Examination in Gastroenterology. Answers, which follow each section, include short discussions and specific references to major textbooks and papers.
