

This book is a critical introduction to code and software that develops an understanding of its social and philosophical implications in the digital age. Written specifically for people interested in the subject from a non-technical background, the book provides a lively and interesting analysis of these new media forms.

No Room in the Ark, Frontiers in Biosensorics I: Fundamental Aspects (Experientia Supplementum), Directorio de bibliotecas espanolas (Spanish Edition), Escuela Practica Para El Servicio De La Infanteria En Campana En El Ejercito De La Republica Argentina...
