

Re the chapters: every Thursday a new chapter of Tom and Heather, Book One will appear for \$0.99...a bit the way Charles Dickens placed a new chapter of his novels in magazines on a weekly basis. However if you dont wish to wait, the entire book is available on Amazon for \$9.99. Thus, do whatever works for you - hopefully with an open mind, and an appreciation for the real Tom and Heathers remarkable journey. Best, and enjoy! With sincere appreciation - Morgan Snow THE NOVEL: Is sex essential? Is it truly, deeply important in a loving relationship? Of course it is! Tom and Heather Wellesley are a once-highly-attractive but now slightly boring, out of shape family couple in their thirties whose intimacy and excitement have waned, opening the door for the possibility of divorce. However in its face they fashion, by mounting degrees, a culture of their own creation, not knowing in the beginning that hotwifing was already a worldwide phenomenon - not only in their specific context, but also in that of other contexts across HWs widespread, wildly varying landscape. At the outset Heather faces a serious learning curve as her seduction techniques meet, ironically, with alternating degrees of deliriously amusing while, at times, woefully discouraging - and ironic - non-success. However on the plus side Toms love life with Heather begins to percolate wildly as occurred for the real-life couple upon whose story this rowdy, raunchy, sensuous and sensual tale is fondly based - and with whose input and enthusiasm it was written. With grander, more intimate and more intriguing successes for Heather - with and occasionally without Tom - to follow. And follow...!
